The Transportation of Dangerous Goods Seminar is a CAIA one-day annual event that aims to cover a wide range of issues for persons involved with the handling and transportation of dangerous goods.

Whether you are a dangerous goods expert, or simply involved in the handling and transportation of dangerous goods, this seminar will be of benefit to you. This event is one of a few available in South Africa, where you will have the opportunity to meet with regulators of the transportation sector in South Africa. The presenters are selected with the objective of ensuring that the seminar reaches as wide an audience as possible.

Who should attend?

The seminar is essential for anyone involved in the manufacture, transportation and handling of Dangerous Goods.

This year we will have experts from:
• The South African Revenue Service (SARS)
• The Department of Transport (DoT)
• The Cross-Border Road Transport Agency (C-BRTA)
• Transnet National Ports Authority
• Trade Law Centre for Southern Africa (TRALAC)
• The Department of Environment, Forestry and Fisheries (DEFF)
• Department of Employment and Labour
• Private Sector
